

Businesses & MASA: Payment Options

MASA offers a number of payment options for businesses wishing to purchase one of the services that attracts a fee. There are:

- Direct Deposit to MASA Bank Account: If using this option please make sure you include your business name in the reference field so we can identify the payment as being from you. Failure to do so will delay the process. Account Details are listed in the Business Partnership Forum.

- Paypal: Businesses may use Paypal as a payment option using the links contained in the Table of Fees. Payments made via Paypal need are incremented by 2.4% to cover the Paypal surcharge fee.

At some in the future we may introduce an online billing system however this option is not available at this time.
