

Why Do Things Under the Marine Aquarium Societies of Australia Inc Banner

Rather than rely on individuals to provide tools / forums for hobbyists in Australia, it is felt that by doing it under the banner of the Marine Aquarium Societies of Australia Incorporated, it is more likely to stay relevant and be resourced properly (e.g. members may come and go but hopefully MASA will remain or when someone is unavailable for a period of time someone else can fill the gap. This would not be the case if things if all that was available were websites run by individuals.)

It is acknowledged that not everyone wants to be a member of a Marine Aquarium Society and as a result this service is provided to all. However we believe that MASA is the best way of representing hobbyists in Australia and therefore the best place to combine all the things that are located on the site provided by MASA, Reefing the Australian Way.
